

THE OCCUPIER

Dear Sir/ Madam,

Your household has been selected to take part in the **Travel Survey for Northern Ireland**. The survey is being conducted on behalf of the Department for Infrastructure and is used to build up a picture of the population's travel behaviour.

Who is carrying out the study?

The Central Survey Unit (CSU) is carrying out the research. CSU is the leading social survey research organisation in Northern Ireland and is one of the main business areas of the Northern Ireland Statistics and Research Agency (NISRA).

Why do your views matter?

Some people may think that they will not be of help to the survey, as they are not typical enough or are too different from other people to be of any help; this is not the case. The community consists of a great many types of people and we need to represent them all in our survey. The results will present a more accurate picture if everyone we approach takes part, and we hope you will.

What's next?

One of our interviewers will call at your house in the next couple of weeks, to explain more about the study. The interviewer will show an official identification card with their name, photograph and the NISRA logo. The interviewer will be happy to arrange a convenient time to conduct the interview if you are busy at the first call.

Thank You!

Thank you in advance for your cooperation. We appreciate your help in this important study and hope that you find the survey an interesting one to take part in.

If you have any questions, you can ask our interviewer in person, call CSU on 028 9025 5118, or visit www.csu.nisra.gov.uk.

K. F. Sweeney (Dr)
Head of Central Survey Unit

Frequently asked questions

How did you choose my address?

Households have been selected all over Northern Ireland at random from the POINTER address file which is the Government's preferred address database. We can't replace you with anyone else, so you are really important to us.

Who is carrying out the study?

The Central survey Unit (CSU) is carrying out the research. CSU is the leading social survey research organisation in Northern Ireland and is one of the main business areas of the Northern Ireland Statistics and Research Agency (NISRA). This study is funded by the Department for Infrastructure.

What will happen to any information I give?

We will treat any information you give in strict confidence under the 1998 Data Protection Act. The information collected is used for statistical and research purposes only, and any published reports will never include any names or addresses.
